**DECLARATION AND POWER OF ATTORNEY
FOR PATENT APPLICATION**

As a below-named inventor, I hereby declare that:

- My residence, post office address and citizenship are as stated below next to my name.
- I believe I am an original, first and sole Inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled "A DRIVE CONTROL SYSTEM FOR A FIBER-BASED PLASMA DISPLAY", the specification of which

☒ [X] is attached hereto

☐ [] was filed on _____ as
 ☐ [] United States Application Number
 ☐ [] PCT International Application Number

☐ [] was amended on _____

- I hereby state that I have reviewed and understand the contents of the above-identified application, including the claims and the drawing.
- I acknowledge the duty to disclose information which is material to patentability, as defined in 37 CFR §1.56. If this application claims priority from a prior application, I acknowledge the duty to disclose information which is material to patentability, as defined 37 CFR §1.56, which became available between the filing date of the prior application and the date of this application.
- As to the subject matter of this application:
 - a. I do not know and do not believe that the same was ever known or used in the United States of America before my invention thereof;
 - b. I do not know and do not believe that the same was ever patented or described in any printed publication in any country before my invention thereof, or more than one year prior to the date of this application;
 - c. I do not know and do not believe that the same was in public use or on sale in the United States of America more than one year prior to the date of this application; and
 - d. Said subject matter has not been patented or made the subject of an inventor's certificate issued in any country foreign to the United States of America on an application filed by me or my legal representative or assigns more than twelve months prior to the date of this application.

[X] I hereby claim the benefit under 35 USC §120 of the following United States patent application(s):
